Design, Supply, Erection And Commissioning  
of STP, WTP ETP & Swimming Pool

ENGINEERING

PROCUREMENT

COMPREHENSIVE  
**SOLUTIONS** for Today's  
**WATER &**  
**WASTEWATER**  
CONCERNS

CONSTRUCTION

Biotech Environ Solutions Pvt Ltd is a bangalore based company. Provides wastewater treatment solutions with designing, construction, and installation of SBR (Sequential Batch Reactor), Extended Aeration Activated sludge (EAAS) Moving Bed Bio Film Reactor (MBBR) Membrane Bio Reactor (MBR) for wastewater treatment methods and Industrial Effluent Treatment Plant Spread across Bangalore, Karnataka and Andhra Pradesh .the company has worked on several projects repairing natural issues.. Biotech Environ Solutions aims to engineer environmental issues by providing solutions to wastewater for the industrial sewage stations and Residential Sewage Stations. The company employs the cutting-edge NuWay method, which produces clean water as a consequence of its production process. The company has ultra-modern Research and Development team and is affiliated with leading global water treatment companies...

## AREAS OF COMPETENCE

### EPC

Engineering, Procurement and Construction - EPC solutions for Sewage Treatment Plants (STPs) and Effluent Treatment Plants (ETPs)

### O&M

Operation & Maintenance - O & M services for STPs and ETPs to ensure efficient working of the plants in addition to revamping existing plants for increased performance

### AUTOMATION

Automation of existing as well as new STPs and ETPs to ensure intervention-free maintenance, remote access to real-time parameters, robust command and control platform.

### INDUSTRIAL

**Industrial wastewater treatment projects experts.**

Eco-friendly design, Construction, execution and operation. Green buildings provide one of the most effective solutions to climate change and can lead to significant environmental economic and social benefits around the society.

## SPECIALIZATION IN STP

**SBR**

**ASP**

**MBBR**

**MBR**

**SBR-** Sequential Batch Reactor, **ASP** - Activated Sludge Process, **MBBR** - Moving Bed Bio-Film Reactor, **MBR-** Membrane Bio-Reactor

**BIOTECH ENVIRON SOLUTIONS EXPERIENCED ENVIRONMENTAL ENGINEERS & SUBJECT MATTER EXPERTS deliver:**

**Compact Design**

**On time Completion**

**Intelligent Engineering**

**Long Term Sustainability**

**Reusable Outlet Quality**

## OPERATION & MAINTENANCE (O & M)

Outlet quality complying with Pollution Control Board (PCB) standards

Treated water suitable for reuse

Intelligent maintenance strategy

Hassle-free operation

Continuous endeavor towards customer satisfaction
